

INTRODUCING OUR NEW SCHOOL TOOL...

We're excited to announce our new school management system – **RenWeb School Management Software**. RenWeb is an Internet-based school management system that embraces the various needs of administration, staff, teachers, students, and you – the parent.

We're in the process of setting up RenWeb's **ParentsWeb** – a private and secure website that will allow you to see complete information specific to your child, while protecting your child's information from others. All you need is an Internet-capable computer to view information such as:

- Attendance
- Daily Grades
- Progress Reports
- Report Cards
- Transcripts
- Lesson Plans
- Homework
- Missing Assignments
- Discipline
- Staff and School Directory
- Teacher Email Addresses
- Teacher Websites
- Customized Web Surveys and Tests
- Other Useful School Information

Once we have the **ParentsWeb** up and running, we'll provide you with instructions for logging in and viewing information. We look forward to your participation. Together, we can continue to improve our children's academic development as well as communication at school and at home.
